INSECTICIDE RESISTANCE WARNING

GROUP 6 INSECTICIDE

For insecticide resistance management eChem Abamectin Insecticide-Miticide is a Group 6 insecticide. Some naturally occurring insect biotypes resistant to eChem Abamectin Insecticide-Miticide and other Group 6 insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if eChem Abamectin Insecticide-Miticide or other Group 6 Insecticides are used repeatedly. The effectiveness of eChem Abamectin Insecticide-Miticide on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use eChem (Australia) Pty Ltd accepts no liability for any losses that may result from the failure of eChem Abamectin Insecticide-Miticide to control resistant insects. eChem Abamectin Insecticide-Miticide may be subject to specific resistance management strategies. For further information contact your local supplier, eChem (Australia) Pty Ltd representative or local agricultural department agronomist.

STORAGE AND DISPOSAL:

Store in the closed original container in a well-ventilated area, as cool as possible. Do not store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush, or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

Poisonous if absorbed by skin contact or swallowed. Will damage eyes. Will irritate the skin. Avoid contact with eyes and skin. Do not inhale spray mist. When opening the container, preparing spray and using prepared spray, wear cotton overalls buttoned to the neck and wrist and a washable hat, elbow length PVC gloves and goggles. For space applications, wear cotton overalls buttoned to the neck and wrist and a washable hat, elbow length PVC gloves, goggles and half facepiece respirator with dust cartridge or canister. If product in eyes, wash it out immediately with water. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use, wash gloves, goggles, contaminated clothing and respirator (and if rubber, wash with detergent and warm water).

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Phone 13 11 26). If swallowed, do NOT induce vomiting. Give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

MATERIAL SAFETY DATA SHEET

Additional information is listed in the Material Safety Data Sheet.

Combustible liquid.

Keep away from flames and hot surfaces. - No smoking. In case of fire, use carbon dioxide, dry chemical, foam. Water fog or fine spray is the preferred medium for large fires.
